About MyHome

My Home is the main entry page for D2L. It is the first page you see after signing in to D2L. Like the **Course Home** page, this page contains a **News** section. However, this **News** section is controlled by the D2L Support Staff and is used for system announcements. From this central portal, you can:

- View **News** posted by D2L administrators
- Access your **Courses**
- View information about **Events**
- Update and change your [Preferences](#)

Access MyHome

When you first log in to D2L, you are taken to the My Home page. The most important thing about this page is that at the bottom of it you have access to your courses that have chosen to use D2L.

The navigation bar on the top of the Home page is referred to as the **My Home** navigation bar and contains commonly used links such as Help, [Email](#), [Locker](#), and Logout.

Other features of the **My Home** page include:

- **Welcome Box:** The Welcome Box contain links that allow you to customize your [preferences](#), create or edit your homepage, edit your profile information and add a picture, and access your [locker](#). It is important to note that not all settings are available to all users.
- **Events:** The information in the **Events** area is linked to the [Calendar](#) tool. You can use this tool to create and view personal and organization-wide events.

- News: Up and coming events for D2L will be posted in this area by D2L Administrators. Check this section on a regular basis to keep up-to-date on organization-wide news.
- My Courses: Lists your current D2L courses.

How Do I Log into D2L?

1. Open a browser and type <http://d2l.arizona.edu> into the web address line.
2. Click the **UA NetID Login** button in the upper left corner of the screen.
3. Enter your UA NetID username and case-sensitive password in the appropriate fields in the WebAuth login dialog box.
4. Click **Login**

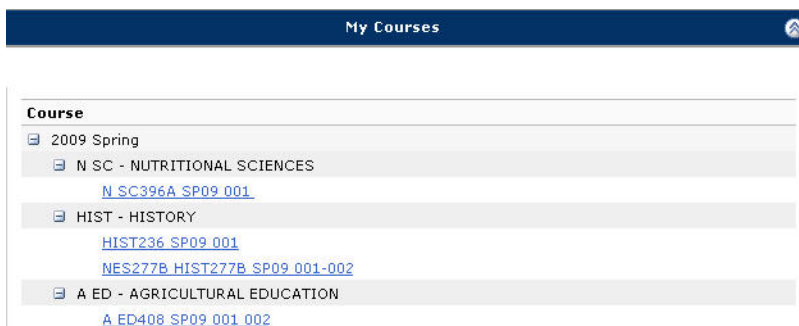

[Back to Top](#)

Accessing Your Courses

From your **My Home** page you can access all of your D2L courses by locating the course hyperlinks and clicking them.

NOTE: If you are unable to see any course links, you may need to expand the view.

1. Start by expanding the semester category. This is done by clicking the tiny + to the left of the semester/category.
2. Expand the individual department categories to reveal the course links.

Note: To return to the **My Home** page, click the **My Home** link in the course navigation bar.
